Presentation Guidelines and Rubric

Presentation Instructions

You will complete a short presentation of the engineering design process you went through. You will submit your presentation before you present your creature to the class.

Guidelines

EACH GROUP NEEDS TO SUBMIT THE PRESENTATION BEFORE PRESENTING.

Manufactured Creatures Presentation	
Requirements	Points
Addresses each step of the engineering design process.	/30
Explains which material(s) were used, and why.	/20
Discusses the manufacturing processes used, and why.	/20
Addresses each of the following: a. What worked, and what didn't work. b. How their design changed from their original idea to their final product. c. What they would change if they could do the whole activity over again.	/20
Uses professional communication, and is correctly talking about the manufacturing process and the material.	/10
